Introducing Freespirit Events

Born off the back of our Freespirit Pub family and with in excess of 20 years' experience, Freespirit Events provide a quality, bespoke outside catering and hospitality service.

Whether you are looking to organise a tipi wedding for 250, a birthday party for 500, an intimate corporate dinner for 30, a festival for 800, a business launch canape reception, a christening, or a wake, we cater for all occasions and can provide you with the best personal catering experience.

Formality is a personal preference, and with Freespirit events, you can choose to be as formal or as casual as you like! You may wish to enjoy a fully staffed, 3-course seated wedding breakfast, with your own dedicated Event Manager on hand to assist. Alternatively, you may be looking to break away from traditions and formality, as such, we can deliver bohemian-style street food served from our very own food truck, on eco-friendly disposables. Either way, we will create memorable food that your guests will really talk about (albeit with their mouths full!).

We can also provide 'top notch' food to your office, with or without staff to assist (yes, we've got everything covered!) It's not a case of 'one size fits all' - we are here to create a personalised menu with you, discussing every little detail and help take all the stress out of your event planning.

Events & Weddings

From corporate lunches to remote tipi weddings, at Freespirit Events we are flexible to your needs.

The growing trend for festival style and tipi weddings is on the rise and for those couples where a formal wedding breakfast holds little appeal, we can guide you through an array of creative, catering ideas, inspired by outdoor living and festival fun, to help bring your vision to life. For those couples seeking a more traditional design, do not let remote style catering deter you. We can absolutely cater to your needs and dietary requirements, in your chosen location. Rest assured, we also offer tasting sessions to all of our clients, to ensure that we get your vision spot on!

Freespirit Events work alongside a wealth of trusted suppliers. If you are looking for a full event planning package, we can happily source everything from your tableware to your marquee, should you need it. Our experienced Freespirit events team are there for you and will fine-tune every detail, spending time with you to make sure that every aspect of your day is considered.

For those in need of a little inspiration, we have created some wonderful menu suggestions on the following pages that will compliment any event, and the British seasons. Of course, these are just ideas! Please do get in touch to talk about how we can help and work with your vision, location, and budget.

“The day was so much better than we dared to wish for. All the staff were welcoming and professional and their attentiveness and willingness to help made the day go so smoothly. The “wow” factor really hit home when we walked into the tent with candles lit and lights on and the staff were there to assist wherever necessary. You all helped to make our day so magical. Compliments to the chef, as everybody commented on how good the food was and how much they enjoyed it.”

Sarah & Dave

The Finer Details

Frespirit Team

As a member of the Frespirit family, Frespirit Events have the luxury of being able to tap into a large workforce. As such, our teams are handpicked and managed by our dedicated Event Manager, who will be on hand throughout your day to tend to any detail for the duration of your event.

Site Requirements

Please note that, for our remote catering options, we do require a power source, water supply and service marquee - details of which can be discussed further with you during the planning process. Our Foodtruck has more remote capabilities dependant on your service requirements and location.

Linen & Cutlery

We work alongside a wealth of suppliers and can therefore include linen and cutlery as a part of our service. If you selected your own suppliers, then we are more than happy to work with them.

Get in Touch

We listen to our clients carefully to ensure that we fully understand their vision. Some of our clients may have a clear idea of what their event will entail, others may need a little more guidance – either way, we are happy to offer our full support in order to ensure we deliver an engaging and memorable event.
